CITY GOVERNMENT

ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 2, 1923.

The members of the city government for the municipal year of 1923, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by His Honor, Mayor Cain, at ten o'clock in the forenoon.

Hon. Orville E. Cain announced that Robert T. Kingsbury, having been officially notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office by law prescribed was administered to the mayor-elect, Robert T. Kingsbury, by Hon. Orville E. Cain, who then introduced him to the Aldermen and Councilmen and to the citizens who were present.

After roll-call by the clerk, His Honor, Mayor Kingsbury, administered the oath of office to the following named members of the boards of aldermen and councilmen, to-wit:

BOARD OF ALDERMEN

Ward 1.—Charles A. Hill.

Ward 2.—Richard J. Wellman.

Ward 3.—Franklin H. Ingalls.

Ward 4.—Louis E. Roundy.

Ward 5.—Harry C. Marden.

BOARD OF COMMON COUNCIL

Ward 1.—Merrick S. Tibbetts.
Walter S. Loiselle.
Julia M. Eames.

Ward 2.—George H. Sherwin.
Charles F. Robbins.
Florence G. Stone.

Ward 3.—Leroy E. Fiske.
Arthur R. Jones.
Ina P. Hayward.

Ward 4.—Frank A. Wright.
Dwight W. Harris.
Lillian M. Whitcomb.

Ward 5.—Wilfred Dubois.
Guy M. Thompson.
Marie Leonard.

Prayer was then offered by the Rev. N. Addison Baker.

Prayer offered by Rev. N. Addison Baker at the Inauguration of the City Government, 1923:

Infinite and eternal God, as Thou dost most inform the hearts of those who put their trust in Thee, we come into Thy presence in this hour of inauguration and humbly ask Thy blessing upon the organization of the government of this city.

May the consciousness of Thy ever-present power be very near unto all who are here charged with authority. May they draw from Thy spirit, as from

an inexhaustable fountain, that nourishment in wisdom and understanding, and justice and righteousness that shall make this city a source of constant satisfaction to all abiding herein, and a worthy example among the communities of this State.

In the great intensity of Thy interest in the affairs of men, hear our prayer, confirm our confidence, and grant to us the ability to enter into the fullest realization of our possibilities, and to Thy great and holy name we give the honor and the glory, now and forever more. Amen.

After the prayer Mayor Kingsbury delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger, and the councils then adjourned until 7:30 o'clock.

At 7:30 o'clock in the evening the common council organized by the choice of George H. Sherwin as president and Harry E. Gale as clerk.

THE MAYOR'S ADDRESS

Ladies and Gentlemen of the City Councils:

We have assembled this morning and taken our oaths of office as the governing board of the City of Keene. We have entered upon a year of service that is fraught with problems and responsibilities. To these duties only a few bring the valuable experience of one or more years in the councils, but we do all bring the expressed trust of a majority of the voters. That trust must be answered with a considerable sacrifice of time, an unselfish loyalty and honesty of effort and a determination to pass on to our successors a city not less but greater. I urge you to keep constantly in your minds the inspiration and idealism of duty that unconsciously ran through the practical talk upon the conduct of the city's business which came to us out of the splendid 25 years experience of our city clerk.

In the consideration of the city as a going business concern, the informal address to which we listened from the outgoing Mayor was valuable. It brought to us a more intimate knowledge of the things that have been done and that are to be done. Annual change of administration must tend to deprive any city of that continuity of purpose which makes for business efficiency and success, unless the incoming board can understand and believe in the high purpose of its predecessor.

It is not my idea to urge you to agree with all their ac-

complishments or plans, nor, to in any way stifle your thoughts or initiative, but rather, if you do not agree, to urge you to strengthen instead of destroy.

The fundamental idea behind our leading city departments is sound and necessary, minor changes may from time to time be necessitated by growth or changing conditions, but the vital thing for successful administration is the efficiency of the heads of departments together with the sustained interest and effort of committees. It is now your duty to elect those department heads for the coming year; you are urged to use the same care, investigation and thought in the selection of each that you would in selecting one to manage your own business, remembering that each individual vote carries its full share of the responsibility.

FINANCE

One of the early and most important duties of the councils is the adoption of the budget for the year. The report of the Finance Committee will be found in the city report, together with its estimated expenses for this year, and I hope you will give it careful study in detail. It will be noted that the surplus of assets over liabilities has apparently been increased by approximately $15,000 over last year, although the bonded indebtedness has been slightly increased by the issue of highway construction bonds.

Our bonded indebtedness of only $94,000 or 6/10 of 1% of our valuation, places Keene in an enviable financial position. This has long been our pride and we should strive to maintain it. $21,000 of this amount is payable this year.

If action upon increased water supply is taken this year

it will undoubtedly have to be financed by a bond issue; it is hoped that some progressive plan can be adopted that will provide immediate partial relief but will allow completion of the project to extend over perhaps three years. In this way our bonded indebtedness could be held at $100,000, with payments restricted to approximately $25,000 per year as at present.

Of the present outstanding indebtedness more than one-half is for highway and bridge construction; may we hope that no additional bonds for this purpose will be required this year, or, at most, for no greater amount than those which mature.

It is possible that inexperience and optimism, together with the uncertainty of state and county taxes, have led me into error, but a study of the conditions make it seem possible that by careful watchfulness and rigid economy, the city can do its full share in not increasing the tax rate this year without sacrificing needed progress. I am confident that you all realize the importance of this endeavor and will go forward with this determination.

HIGHWAYS

The construction, care and maintenance of highways and bridges requires annually a much larger sum than any other department under the supervision of the councils. Including interest and payments on loans, last year's expenditures in this department were approximately $100,000. If we are to keep pace with the demands of our citizens and with other cities, this is probably not an excessive amount, but in order to get the most efficient results it seems necessary that a carefully

planned program must be continued. Such a system was inaugurated two years ago through the employment of a consulting engineer. The permanent construction that has been done during these two years is, I believe, entirely satisfactory and the construction of an amount similar to that of the past year is recommended.

During the past year a number of streets were treated with oil and tar, with apparently satisfactory results; perhaps the hardest test of this treatment will come during the winter and spring, but in the confidence that the foundations of our older streets are sufficiently firm and dry to stand this test, it seems that in this method of water-proofing the surface, an inexpensive and immediate method of improving and preserving such streets as are not subjected to heavy and constant traffic has been found. Saving in maintenance and sprinkling is also a feature and the extension of this method is suggested.

It seems important, in the case of construction on main thoroughfares, to have the work done as early in the season as possible, in order to avoid detours during the heaviest travel period from July to the middle of September.

In view of modern practice and proven results, I am convinced that a small tractor and motor trucks for highway use would effect large savings and a start toward motorizing the department is recommended.

The rapidly increasing all the year use of automobiles for business as well as pleasure will bring in the immediate future a necessity for streets and roads that are in good condition for travel in winter as well as in summer. In addition to the danger to traffic of deeply rutted roads, caused by snow and ice, the damage to roads not of permanent construction is greater

than by the heavier traffic of summer. Your consideration is urged to existing methods or apparatus for handling snow and ice in highways.

You will have an important duty in filling the position of Superintendent of Highways and Bridges, owing to the election to another office of the superintendent of the past several years; in view of the many qualifications essential to the position, the amount of money to be expended and the number of men employed, I urge you not to hasten your decision, but to seek a man well qualified by training, experience and ability.

WATER DEPARTMENT

It is well known that for several years the water supply of the city has not been sufficient in volume for reasonable fire protection. During the past year an efficient hydraulic engineer was employed to make a survey of the situation and report thereon. No action has been taken on his report, but it seems vital that this matter should receive the earliest possible consideration, and I recommend the careful study of his report which you will find printed in full. Please note that five plans are presented in detail, with the engineer's recommendation that the last, or Plan E, be adopted.

It is not my desire at this time to attempt to prejudice you in favor of any plan, but I ask you to give time and serious thought to an open-minded consideration of the report and its conclusions, in the hope that all can agree on the most feasible method and find it within our means to make a definite start early this year. I can think of no larger or more important work that will come before you, and for preliminary

study it is urged that the councils work as a committee of the whole.

The system and efficiency of the Department of Water Works, Sewers and Drains is so well known that it needs no further comment here.

HEALTH

The various activities of the Health Department have an important bearing on the physical and moral condition of the city and it is hoped that you will all read carefully the report of the Health officer. This is a field in which your moral support, as well as that of all our people, can be of great help, and I urge your interest, not only in the city's department, but in the valuable co-operation the school physician and nurse, the Visiting Nurse Association and the New Hampshire Tuberculosis Association are rendering. Owing to the nature of much of this work, it is suggested that you should elect a physician on the Board of Health.

In view of the large public demand, it seems important that you should endeavor to solve the problem of a city-wide disposal of garbage. Assuming that no law now exists in this state that permits cities to direct this, it is pleasing to note that both the Woman's Club and the Chamber of Commerce will seek action by the legislature, either by an amendment to the general laws or by an amendment to Keene's charter. Assuming that an enabling act will be passed, you are urged to study a satisfactory method for carrying out its provisions.

FIRE DEPARTMENT

The change in the organization of this department through

the employment of a permanent chief engineer has been in effect for the greater part of the past year and is apparently well justified in centralizing authority. The apparatus seems to be in good condition and that the firemen are efficient and well drilled has been evidenced by able handling of two recent difficult fires.

It seems to me that the recent fire on Dunbar Street showed an important need of more strict traffic regulation in case of fires and I recommend that the Fire and Police Departments jointly endeavor to arrange such regulation and enforcement.

CONSERVATION

The policy of acquiring lands on the watershed for the protection of our water supply and of conservation of water through proper forestry methods is to be commended. Two tracts northerly of Woodward Pond were purchased during the past year, which probably need some cleaning, and it is recommended that the committee be also authorized to continue planting a portion of the bare land with pine.

With the large area now owned by the city in Roxbury and Nelson, together with present property in Keene and others that may later be acquired, a definite policy of forestry should, after a few years, produce a considerable yearly income. It is my belief that, with the rapidly diminishing supply of timber, cities, as well as National and State governments, will find it necessary and profitable to employ a trained forester.

ATHLETIC FIELD

Last year a large tract of land was purchased on Main

Street for a public athletic field and playground. The lot is conveniently located and large enough to be eventually developed for every sort of recreation. Portions of it require more or less filling and grading and this can be done over a period of years by using waste material from the Highway Department, ashes, etc. There is, however, a considerable area that can be used at once with little expense, and in order to benefit the largest possible number of people immediately, I hope that a start may be made this year, perhaps by laying out one or more baseball diamonds, a space for inexpensive field and track practice and a temporary shelter with dressing rooms and toilet facilities. With the Branch running through the property and its fine sand shores, a bathing and wading place for children can easily be arranged, to be followed later by an adequate swimming pool.

Outdoor recreation plays such an important part in the health of a community that, in this connection, it is recommended that the attractions of other properties of the city like Wheelock and Robin Hood Parks be still further developed for the broadest possible use of the people. The wisdom of accepting such properties for parks and of their proper care is evidenced by increasing use and will be more appreciated in future years as open spaces near the city are built up.

Much has been said and written about the desirability of winter sports, with opportunities for skiing, skating, etc. It seems to me that this is a matter that can be much more satisfactorily carried out by the initiative of an organization composed of enthusiastic participants in such recreation. It is a most desirable idea and if properly developed it would undoubtedly receive all possible co-operation from the city.

POLICE

While the councils have no direct control over this department, it is gratifying to note that its officers are courteous and efficient.

The increasing congestion of automobiles in the business district in summer makes it imperative that some action be taken for relief. If some parking place can be found for the large number who drive to and from business and leave their machines parked at the curb for the rest of the day, it would seem that the problem would be solved.

I realize that any thorough covering of the city for speed and other traffic violations would involve an undue expense but with the apparent reduced number of arrests for other offences, it seems that all officers can constantly increase their attention to automobile traffic and control.

From time to time during the year I may ask the privilege of presenting special communications on various subjects, and it is hoped you will all feel it a part of your duty to make the fullest presentation of any subject worthy of the council's consideration.

In the belief that all citizens are interested in the welfare of the city, let us ask co-operation from all; when criticism comes, as it is sure to do, can we not look at it as an honest desire to help, and endeavor to turn each case of apparent fault finding into one of constructive criticism?

If there is one final thought to leave with you, it is that of the importance of being prompt and faithful in your attendance at meetings, loyal in your service on committees and respectful to the convictions of your fellow members.

ORDINANCES AND JOINT RESOLUTIONS

Great Barrington, Mass., November 21, 1922.

To the Treasurer,

City of Keene, New Hampshire.

Dear Sir:

The second clause in the will of Mrs. Mary Elizabeth Skinner Beckwith, late of Great Barrington, is as follows:

> "Second, I give and bequeath to the City of Keene, New Hampshire, in trust, however, the sum of One Hundred Dollars, the income only to be used in the care of lot No. 1 in Section No. 3, Woodland Cemetery."

Under the first clause of her will, she provides for the erection of "a suitable headstone or marker placed at the head of my grave in the Skinner family burial lot in Woodland Cemetery, in Keene, New Hampshire."

Can you inform me whether or not such a marker has been erected? If you will execute the inclosed receipt and attach the seal of the City to it and return it to me, I will send you check for the amount.

Yours very truly,

A. C. COLLINS,

Administrator with the Will Annexed of the Estate of Mary Elizabeth Skinner Beckwith.

AN ORDINANCE amending Chapter XXXIII, City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

That Section 6, Chapter XXXIII, City Ordinances, be so far modified that the same shall read, as amended:

"The superintendent of highways shall receive in full for his services, and all the duties appertaining to his office, the sum of thirty-five hundred dollars per year, to be paid in equal monthly payments."

GEORGE H. SHERWIN,
President Common Council.

ROBERT T. KINGSBURY,
Mayor.

Passed January 4, 1923.

To the City of Keene:

In the summer of 1886 many residents of Keene, to whom the Five Mile Square Roads had been long endeared by association and sentiment, were startled by the announcement

that they were doomed to speedy destruction by the woodman's axe.

Remembering the fate of the "Old Pine Roads" on lower Main Street, where in an earlier era the famous May parties were held, it seemed that such another loss could not be endured; and on August 24th of that year it came to be my fortunate privilege to be able to purchase a certain tract of the cherished forest, with the intention of keeping it permanently intact for the pleasure and solace of the community. This enterprise of mine, it will be remembered, was most graciously recognized by the gift of a very beautiful arm chair, inscribed "From the Women of Keene". From that time the roads have been held as a trust. Now, after the lapse of so many years, that the woods may still continue to be protected against the possible chances and changes of fortune, it seems wise to place this property in the charge of my native city under the terms of the accompanying Deeds of Gift. It is my pleasure, therefore, herewith, to offer to the City of Keene, these 13 acres of forest, in the hope that the shelter of the golden beeches and the shadowy pines may hold for future generations fragrant memories of the "Vanished Past of Yesterday".

Respectfully,

MARY B. DINSMOOR.

November 9th, 1922.

A JOINT RESOLUTION relating to a gift of the Dinsmoor Woods.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene, by its councils, hereby accepts from Miss Mary B. Dinsmoor her deed of 13 acres of forest, known as the "Dinsmoor Woods", and dated November 9, 1922, under the conditions named in said deed, for the public use and benefit as a public forest reserve forever.

And that, whereas, we are deeply impressed by the generosity and public spirit which has prompted our fellow-citizen, Mary B. Dinsmoor, to secure for all time to the people of Keene a beautiful forest resort situated on a delightful drive, the councils hereby express to her the appreciation of the citizens of Keene for her timely, benevolent and gracious act.

AN ORDINANCE Enacting Rules for Driving and Traffic Regulations.

Be it ordained by the City Councils of the City of Keene, as follows:

AN ORDINANCE IN AMENDMENT TO THE ORDINANCE ENACTING RULES FOR DRIVING AND TRAFFIC REGULATIONS

Amend the ordinance "Enacting Rules for Driving and Traffic Regulations" by striking out the whole of said ordinance and inserting the following:

Be it ordained by the City Councils of the City of Keene, as follows:

ARTICLE I

Definitions

Section 1. The word "vehicle" herein shall include equestrians, horses hitched to vehicles, led horses, bicycles, motor vehicles of all kinds, and everything on wheels or runners, except street cars and light carriages for the conveyance of children and invalids.

Section 2. The word "horse" herein shall include all domestic animals.

Section 3. The word "driver" herein shall include the rider of a horse or bicycle, the leader of a horse, the driver of a horse or horses, and the operator of a motor vehicle.

Section 4. The word "curb" shall mean the lateral boundaries of that portion of a street designated for the use of vehicles, whether marked by curbstones or not so marked.

Section 5. The words "intersecting way" herein shall mean any way which joins another at an angle whether or not it crosses the other.

Section 6. The word "crossing" herein shall mean a way for pedestrians to go from one side of a street to the other which is marked by a pavement or otherwise; also points bordering the intersection of streets not marked but which are commonly used to go from one side of a street to the other.

Section 7. The words "Safety Zone" herein shall include any part of the highway established, marked and approved by the Police Department as such, from travel of which vehicles may be restricted or excluded.

ARTICLE II

Vehicles in Motion

Section 1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as practicable.

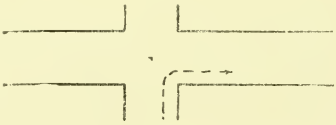
Section 2. Vehicles moving slowly shall keep as close as is practicable to the right-hand curb, so as to allow faster moving vehicles free passage on the left.

Section 3. A vehicle meeting another shall pass on the right.

Section 4. A vehicle overtaking another vehicle shall, in passing, keep to the left of the overtaken vehicle, and shall not pull over to the right until entirely clear of it, and so far ahead of it as not to interfere with its progress.

Section 5. A vehicle turning to the right into another street shall turn the corner as near the right-hand curb as is practicable.

Thus:



Section 6. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the street intersection before turning.

Thus:

Section 7. A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street.

Section 8. No vehicle shall come within ten feet of any other vehicle in front of it when approaching and passing over a crossing where a pedestrian is about to pass.

ARTICLE III

Signals

Section 1. Every driver of a vehicle shall, in slowing up or stopping, give a signal to those behind by giving a plainly visible signal to show his intention.

Section 2. In turning to the left while in motion, or in starting to turn to the left from a standstill, a signal shall be given by the driver of the vehicle about to be turned by extending a hand and index finger, indicating the direction in which the turn is to be made.

Section 3. Before backing, ample warning shall be given by signal, and while backing unceasing vigilance must be exercised by the driver not to injure those behind.

Section 4. The Police Department shall control all traffic in the streets or highways. Police officers may divert vehicular or pedestrian traffic when necessary to avoid congestion or to promote safety and convenience; and no person having charge of a vehicle shall refuse or neglect to stop or start or place the same as directed by a police officer.

Section 5. No person shall break, deface or move any official sign, post or signalling device placed in a highway for direction of traffic.

ARTICLE IV

Traffic Regulations

Section 1. No vehicle shall stop in such a way as to obstruct any street or crossing for the purpose of taking on or setting down a passenger or for loading or unloading freight, or for any other purpose, except in case of accident, or when directed to do so by a police officer.

Section 2. No vehicle shall stop or stand within the intersection of any street, nor within ten feet of a street corner.

Section 3. No person shall hitch any horse to any tree or shrub, fire alarm support or hydrant, nor shall any vehicle be left within ten feet of any fire hydrant.

Section 4. No vehicles shall be left standing on Roxbury Street west of the I. O. O. F. Building. No vehicle shall be left standing on Church Street west of Wells Street.

No vehicles shall be left standing on the North side of West Street east of the Y. M. C. A. Building.

No vehicles shall be left standing on Lamson Street east of Federal Street.

No vehicle shall be left standing on Vernon Street.

Lamson Street between Main Street and Federal Street is a one-way street and shall be entered from Main Street only.

Motor vehicles about Central Square and on Main Street north of the B. and M. Railroad tracks shall be parked diagonally to the curb and between painted lines, where so marked.

All traffic in Central Square shall be in one direction, continuing with Central Park on the left until a right-hand turn can be made to the desired street or parking place.

Section 5. In case of fire, all vehicles shall, on approach of fire apparatus, immediately drawn up as near as practicable to the right-hand curb and parallel thereto, and remain there until the fire apparatus has passed. "Fire apparatus" in this section may include vehicles used to convey members of the Fire Department to the fire.

Section 6. Except in main thoroughfares, no vehicle shall enter any section of a street where a fire is in progress without permission of the police, nor shall any vehicle approach within fifty feet of the farthest hydrant in use at such fire.

Section 7. No vehicle shall be allowed to stand upon any sidewalk.

Section 8. No vehicle shall pass a street railway car which has been stopped to take on or let off passengers except at a distance of at least ten feet, and then only at a speed not exceeding ten miles an hour.

Section 9. No motor vehicle shall be left standing at night unless its headlights are dimmed or out.

Section 10. No vehicle shall be left standing in the retail business section of the city an unreasonable length of time.

Section 11. Any police officer may, in his discretion, remove any vehicle or vehicles left upon any street in violation of any of these regulations.

Section 12. The Board of Mayor and Aldermen, on recommendation of the Police Department, may establish "Restricted Zones", "Safety Zones" or "Zones for the exclusive use of horse-drawn vehicles" or other purposes, and all vehicles shall be restricted or excluded from any part of a street established and marked as such.

ARTICLE V

Receiving and Delivering Passengers and Merchandise.

Section 1. No vehicle shall stand in any one place in any public street for more than ten (10) minutes at any one time, for the purpose of selling goods, wares or merchandise, for soliciting passengers, teaming or trucking, except that vehicles may head or back up around the Common in Central Square in places designated.

ARTICLE VI

Noise and Smoke Nuisance

Section 1. A signal is meant to warn and it must have that power in every way, but no driver shall make a nuisance of it by sounding it unnecessarily. No driver shall use the muffler cut-out except in steep hill-climbing. Continuous smoke from motor vehicles is unnecessary and is hereby deemed a nuisance.

ARTICLE VII

Penalties for Violation

Section 1. Except as otherwise provided in the Motor Vehicle Laws of the State, any person violating any of the provisions herein contained shall be liable to a penalty not to

exceed ten dollars for the first offence or not to exceed twenty dollars for any subsequent offence.

Section 2. Complaints against any person violating any of the provisions herein contained may be made at police headquarters or to any police officer.

Section 3. Copies of this ordinance may be obtained at police headquarters or at the City Clerk's office.

Section 4. The City Clerk shall publish the provisions of this ordinance in accordance with the requirements of the laws of New Hampshire.

ARTICLE VIII

Previous Ordinances Repealed

Section 1. All ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect June 11, 1923.

Passed November 1, 1923.

Montpelier, Vt., October 30, 1923.

To the Honorable City Council,

Keene, New Hampshire.

Gentlemen:

The undersigned desires to add to the Abbie Towne Cemetery Fund the sum of One Hundred Dollars ($100.00), the income only to be used in the care of Lot No. 16, Section 4, in Woodland Cemetery, and the monument thereon.

It is my desire that the monument be cleaned once in five or six years.

I am informed by the sexton that One Hundred Dollars added to the original fund will be sufficient to include the care and leveling of the lot and the cleaning of the monument, but if in the opinion of the City Council more is required, I should be glad to add the necessary amount.

Respectfully yours,

SHERBURN C. HUTCHINSON,

Executor of the Will of Abbie Towne.

A JOINT RESOLUTION relating to the Abbie Towne Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene, by its councils, hereby accepts an addition of One Hundred Dollars to the Abbie Towne Cemetery Fund, in trust, however, the income to be used for the care of Lot No. 16, Section 4, Woodland Cemetery, including cleaning the monument. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.

Passed November 1, 1923.

ITEMS OF INTEREST

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

The first contract was made with the Patent Water and Gas Pipe Co., of New Jersey, September 3, 1868.

Water was let into the system November, 1869.

1872.

Beech Hill reservoir was built and connected with the system.

1882.

The Waring system of sewers was adopted and turned over to the city in 1883.

1886.

The Roxbury supply was brought into the city via Beech Hill.

1890.

The first meters were installed.

1891.

Ten and one-half miles of cement lined pipe were replaced with cast iron. There remains in service (1916) 7,047 feet in Court Street, 400 in Roxbury Street, and 186 in West Street.

1902.

Additional water from Roxbury was brought into the city via South Keene.

1908.

The Board of Water Commissioners was abolished by the City Councils.

1910.

The dam at Echo Lake was rebuilt, raising the water in the lake six feet.

1914.

The meter system was adopted and all services ordered metered.

1917.

Guards maintained at Echo Lake for three months.

RECOMMENDATIONS

I respectfully recommend that a large pipe be laid in Marlboro Street from Eastern Avenue to Main Street This will give the city the full benefit of the line from the stone dam.

That the ten-inch pipe in Laurel Street be extended to Water Street.

That as many dead ends be eliminated as possible.

DRAINS

That the 30-inch pipe in Carpenter Street be extended to Kingsbury Street.

That a drain be laid in Beaver Street from Beaver Brook to North Lincoln Street.

That a drain be laid in Page Street.

That a drain be laid in Taylor Street.

That a drain be laid in Marlboro Street from Baker Street to Martin Street.

Respectfully submitted,

PAUL F. BABBIDGE,

Superintendent.

The condition of the hall interior is very satisfactory with the exception of adjustment of stage curtain, which needs immediate attention.

I wish to thank the Mayor and the City Committees for advice and courtesies extended to me this year.

Respectfully submitted,

CHARLES S. WRIGHT,

City Messenger.

JOHN B. WRIGHT,

Superintendent.

In submitting this report, I wish to call attention to the fact that while the property valuation has increased about eight million dollars in the last twelve years, and traffic has more than doubled, the appropriations for highway work, with the exceptions of the years 1919, 1920 and 1921, have not increased in any way proportional to the needs of the department.

The city now has 10.4 miles of paved streets and over 20 miles of oiled streets, the surfaces of which are hard enough to be cleaned by motor cleaners much more efficiently than by our present methods. During the past year it has cost about $3,100.00 to clean and sprinkle the Square, lower Court Street, West Street and upper Main Street; and $2,600.00 to clean the other streets and remove the leaves. With modern equipment and methods this amount would be sufficient to clean all our streets and pavements, cleaning the center of the city daily. I would recommend the purchase of a motor driven pickup street sweeper.

The city is far behind others of its size in the amount of motor equipment. The light trucks purchased this year have been an excellent investment and have paid for themselves in the savings made in hauling expenses, although it has been necessary to hire additional trucks to handle the work. There is a very great need of a heavy duty tractor to haul our graders and other road making machinery on all our work and especially on our hill roads. I would recommend the purchase at once of a five-ton tractor and at least one ton and one-half truck.

The present crushing plant owned by the city is all out of repair and not in condition for work and the city should have a modern gas engine driven portable crusher.

All of the above equipment is needed if the city is to properly meet the increasing demands of modern traffic in an efficient and economical manner.

During the past year a larger area of street surface has been treated with oils and tars than ever before and I would recommend that a still more liberal appropriation be made for this purpose during the coming year; as it not only makes the streets much more pleasant to travel on and live near but is a decided saving in maintenance costs.

In line with bringing our street system up to date, I would recommend the paving of West Street from the end of the present pavement to the Ashuelot River bridge with concrete.

There should be a definite program relative to the construction of concrete sidewalks so that we may have continuous stretches of improved walks.

Our street signs are in very poor condition and I would recommend that a definite program be adopted for the bettering of this condition and an appropriation of at least $500.00 for this purpose.

Respectfully yours,

JOHN B. WRIGHT,

Superintendent.

REPORT OF PARK COMMISSIONER

To his Honor the Mayor and the City Councils:

Work on the parks this year has been limited to Wheelock Park, Robin Hood Forest, the Drummer Land and the Dinsmoor Woods.

At Wheelock Park a considerable area of young pine has been thinned and much brush burned and rubbish removed. A new substantial concrete drinking fountain has been constructed.

This park has again served as a splendid playground for the children of the City of Keene, under the efficient direction of Miss Mary Saunders, and has also been the meeting place of no less than fourteen organizations or family reunions.

At Robin Hood Forest the wood roads and borders have been cleared, brush burned and rubbish removed, also a certain number of undesirable trees removed from various parts of the park.

On the Drummer Land considerable grey birch has been sold standing, giving the more valuable white pine better opportunities of growth.

At the Dinsmoor Woods, the wind has felled a few large trees. The work of clearing here this season has been too much delayed.

Northeasterly from the Dinsmoor Woods, a tract of woodland, of about nine acres, situated on both sides of the highway and at approximately the same depth as the Dinsmoor Woods, including all of the remaining shaded portion of Maple Avenue, has been offered to the City of Keene by the Faulkner & Colony Manufacturing Company. This will complete, with the Dinsmoor Woods, the preservation for the public of the most attractive feature of the Five-Mile Square Drive.

The death of the late Commissioner, George A. Litchfield, so soon after being sworn into office this year, has deprived the city of his much valued services. The present Commissioner regrets that he cannot report more needed work accomplished.

Respectfully submitted,

HERBERT K. FAULKNER,

Park Commissioner.

Keene, N. H., November 30, 1923.

REPORT OF CITY PHYSICIAN
For 1922

During the year 1922 I have made thirteen (13) house calls, one urine examination, one examination for question of committment, and have given eight office treatments.

W. H. LACEY,

City Physician.

REPORT OF BOARD OF HEALTH

To His Honor the Mayor and Gentlemen of the City Councils:

REPORT OF HEALTH OFFICER

To the Board of Health:

I herewith submit my report as Health Officer of the City of Keene for the year ending December 1, 1923.

While the city has just recovered from one of the largest epidemics of measles that it has had for a very long time, it has been extremely fortunate in not having a single death from the 636 cases reported.

There has been about the usual number of communicable diseases reported during the year, tuberculosis showing the largest decrease, which is ten less than in 1922.

The most unsatisfactory and unsanitary place in the city is the women's toilet rooms at the Depot. The conditions here are very bad at times. While these condition do exist, it is through no fault of the railroad. These toilets could be kept clean and sanitary if they were only used for what they were intended for (the road's patrons), but out of sympathy for people the railroad has allowed the general public to use these toilets at all times, which makes it impossible to keep them clean without the presence of a woman attendant to care for the rooms. If the city could arrange with the railroad to enlarge these rooms and have a woman there from 4 p. m. to 10 p. m. the toilets could be kept in a clean and sanitary condition at very small expense to the city or railroad.

FOOD SUPPLIES

There are in the city, 73 stores handling food and food supplies, 5 bakeries, 9 restaurants, 1 lunch cart, and 5 drug

stores. These are all under the control of the State and local Health Department and the State Pure Food Laws. They are regularly inspected by both myself and the State Inspector and found to be complying with the law in most cases, although one small store had to go out of business entirely as they were selling food products and living in the same room.

BARBER SHOPS

There are 11 barber shops in the city, all of which are conducting their shops within the State law governing barber shops, and have been clean and sanitary when inspected.

MILK SUPPLY

The city derives its milk supply from cows owned in Keene and surrounding towns. These cows have all been tuberculin tested within one year and the premises and method of handling the milk are inspected as often as possible, and it is very gratifying to see the improvement in conditions over a few years ago. Most producers are trying to keep their cows and premises clean and in as near a sanitary condition as possible, so that they can deliver to the public clean, wholesome milk up to standard.

While it is rather hard at times to make some people realize the importance of keeping their cows and premises clean and in a sanitary condition, they are fast finding out that they must in order to produce clean milk.

Samples of milk are taken from the dealers every month and sent to Concord for analysis, and if any is found to be below the standard, they are at once notified to bring their milk up to standard, but I have had but very little trouble in this respect the last year.

Keene is the only city in this State that I know of that is using nothing but raw milk drawn from tuberculin tested cows, and as 90 per cent of the cows owned in Keene have been tuberculin tested, and while the number of cases of tuber-

culosis reported in Keene in 1923 was almost 50 per cent less than in 1922, it goes to show that milk drawn from tuberculin tested cows is helping drive out the disease.

Anyone desiring to know what any dealer's milk analyzes can find out by calling at the Health Department office.

Respectfully submitted,

FRED C. NIMS,

Health Officer.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen:

The Trustees of the Keene Public Library submit the following report.

The outstanding accomplishment of the past year has been the opening of a Children's Room. The Art Room on the second floor has been used for this purpose and is very light and attractive. Stacks have been arranged around the sides of the room, giving the children an opportunity to come in closer contact with the books. Tables and chairs of simple but durable style and appropriate size enable children of all ages to enjoy the most beautiful books which are not allowed to be taken from the room. A desk and chair for the librarian's use are well placed to enable her supervision of the room. Rubber treads have been placed on the stairs and a runner in the hall, so that no noise disturbs the adult patrons downstairs. Miss Riggs has charge of this room and this year to enable her to attend a summer course, in this work, at Simmons College, the Trustees granted her an extended vacation of two weeks. Her interest in the work and her influence over the children is most commendable. A finely illustrated set of the Children's Encyclopedia was added to the books in the room, purchased from the interest of the Thayer fund.

During the vacation periods Miss Theresa Proctor and Miss Bessie McGregor were employed occasionally as substitutes. This summer Miss Riggs was sent to the State meeting of the New Hampshire Library Association at Hampton and took part in the program.

The Vacation Reading Club of the summer was very successful and a large number attended the meeting arranged for the entertainment of the children when Miss Martha Randall of the Keene Normal School faculty gave a very entertaining account of her visit to several foreign cities and of the life and customs of the children she met. Mayor Robert T. Kingsbury, Treasurer of the Board, and well known to many of the children present, presented the certificates to the children. Several members of the Board were present.

Posters and beautiful books were displayed during the Children's Book Week. Parents and older people were particularly interested and took advantage of this opportunity to look over the attractive publications.

Miss Saxton has been as active as ever in keeping up the standards of the library and extending its influence in the community.

It is with pleasure we add that many favorable remarks upon the efficiency and courtesy of the library staff have been expressed by its patrons.

The necessary repairs have been attended to by the Administration Committee. Several gifts of books have been received.

$200.00 from the interest of the Thayer fund were appropriated for the purchase of books, to be marked as were those of last year.

The Librarian's report, hereby appended, contains further information and statistics of interest.

MARY A. A. PRENTISS,

Secretary.

REPORT OF LIBRARIAN

To the Board of Trustees of the Keene Public Library:

Following is the report for the year ending November 30, 1923.

"Years, like individuals, are often marked by distinctive characteristics." This year in our library work may well be characterized as "Children's Year". Plans which were made last year have been carried out this year and we succeeded in opening, on March 2nd, 1923, a room especially for the young people in the former Museum room on the second floor of the library building. It makes a small but attractive library with its table and chairs for little folk, the gift of Miss Kate Tilden, and the two oak tables and chairs of simple, substantial design, and finely finished in what is known as the antique oak finish, for "middle-sized" and larger children. When a frieze and moulding with bulletin board over the book cases have been added, it will be more complete both from an artistic and a useful standpoint. .

The age for the juvenile borrowers has been lowered to include children when they are able to write their names, with the result of an increase in juvenile applications over last year of 93. This has meant adding to the library books for these younger children and great care has been taken to choose the best in picture books, fairy tales and verse, home stories, travel and fun. The general collection has been subjected to a weeding out process. Many of the older books have been replaced in better editions, many discarded and purchases made from the best of the last years' books.

That all this is appreciated and enjoyed is being proved daily by the increasing numbers of smiling children climbing the stairs and clamoring at almost all hours for admission to

the Children's Room. It should mean much to have a well-selected library and reading room for the young people, and it is a great satisfaction, after anticipating such a time and place for some years, to have it so auspiciously started.

Miss Riggs has acted as children's librarian, assisted from time to time by other members of the staff, and to improve the quality of her work, she took a course in children's work at Simmons College summer school for librarians, benefiting greatly thereby. Under her management, story-hours have been conducted every two weeks beginning in October. Mrs. James F. Hamburger and Mrs. Edward Kingsbury have assisted her on two Saturday mornings.

The Vacation Reading Club completed a satisfactory summer, with the usual celebration in Library hall on October 1. Miss Martha Randall of the Normal School told stories of children she met in her summer spent in England and France, and of places visited which had a special significance for young people. Certificates of membership in the Vacation Reading Club for the completion of the required number of books were presented by Mayor Kingsbury of the Board of Trustees to 37 children, a larger number than in any previous year. Music and games were then enjoyed.

Miss Riggs was the representative this fall at the annual meeting of the New Hampshire State Library Association, where she acted as editor of the children's page of the newspaper which the program was supposed to represent.

The increased appropriation for the book fund has enabled us to buy the best or the most needed of the books of the year in various classes, as well as the juvenile books already referred to, also very generously of new fiction and duplicate or replacement copies of older novels, as well as rebinding many books, thus keeping the whole collection in presentable, even attractive condition.

The students at the Normal School, both at the summer

session and through the year, apparently appreciate the invitation extended to them by the Trustees to enjoy the library privileges and a large proportion of the membership have become library borrowers. The library conferences held by the librarian with the entering class further foster the spirit of co-operation between the two institutions. The work with the High and Graded Schools goes on in various lines in increasing measure.

Children's Book Week was observed, as for several years, by a display of fine editions of both old and new books, and valuable lists called "The Book-Shelf for Boys and Girls" and "Gifts for Children's Book-Shelves" were distributed. Books were loaned for a Parent-Teachers' meeting at the Wheelock School, and the library furnished a speaker for a similar meeting at the South Lincoln School.

In the industrial world, this has been a year of prosperity, with work and good wages for everybody and money to spend on various forms of amusement, so that throughout the country it has not been a year for great growth in circulation libraries, and our library has felt it with others. The new year, however, is starting in very well and we expect progress in all lines of endeavor in the coming months.

The staff has remained as for the past few years, with the addition of substitute helpers during the vacation season. The librarian has, as always, and this year in increasing measure, to extend her appreciation of loyal and devoted help and support from Trustees and assistants.

Valuable gifts have been received from the library of the late Honorable C. H. Hersey, through the courtesy of Mrs. Hersey.

Respectfully submitted,

MARY LUCINA SAXTON,

Librarian.

REPORT OF CITY SOLICITOR

To His Honor the Mayor and Gentlemen of the City Councils:

The following report of the activities of the City Solicitor is respectfully submitted.

All violations and infringements of municipal ordinances and all criminal matters under police offenses have been prosecuted. Various opinions have been given as requested.

Your Solicitor attended the hearing at Concord on the petition for abatement of tax of the Keene Electric Street Railway Co., which petition was denied.

The matter of the City of Keene vs. Alger for violation of the public garage ordinance has terminated successfully.

The cases of the City of Keene vs. Roxbury are now practically in shape for termination. It had been discovered that some of the city's land in Roxbury was not in the watershed proper, being on the other side of the ridge, and this has necessitated the making of a map showing the exact situation. This has now been done, and the matters are now ready for decision by the court.

Respectfully submitted,

ARTHUR OLSON,

City Solicitor.

Keene, N. H., December 10, 1923.

REPORT OF SUPERINTENDENT OF CEMETERIES

To His Honor the Mayor and Members of the City Councils:

The undersigned respectfully presents the report of the Cemetery Department for the year ending November 30, 1923:

The year just ending has been filled with activity in this department. In its beginning, the problem of keeping the avenues open for automobiles was one that had to be met, the deep snows of the winter making this difficult and expensive, but it was creditably done, and all burials were made when desired.

During the winter months a large amount of forestry work was accomplished by regular employees of the department. A large number of partially dead or dying trees were removed, as well as others that were overcrowded and in some instances unsafe.

There is still need of further work along this line.

The lot owners of the West Cemetery were made glad by the fulfillment of their hope of having water from the city mains brought into that cemetery for their use and convenience.

The removal of a building, or buildings, on the south line of the Washington Street Cemetery made it necessary to build quite a section of picket fence, two items not included in the ordinary expenses.

The usual work of the department has been carried on without interruption, although the lack of rain throughout the summer was keenly felt here as elsewhere.

The avenues are in very good condition, with the exception of the broken and worn-out concrete in Greenlawn, which should be removed and replaced with suitable material.

A large plot on the east side of Summit Avenue has been cleared and graded, ready to be surveyed into lots, and the lots on the other side of Locust Avenue have been completed. In addition to this a considerable number of lots have been graded or resurfaced for the owners, or on lots with sufficient trust funds for that purpose, and a very large number of depressions have been filled and many markers and monuments leveled.

A little over seven hundred lots have been regularly lawn mown this season, besides various borders and other plots, and all lots not receiving this care have been mown with scythes at least twice.

A good deal of work has been necessary on the fences, as usual; many decayed posts have been replaced and the wire patched. A more suitable fence is greatly to be desired.

There have been one hundred and thirty-seven interments, fourteen removals, and four reburials.

There have been twenty-three burial lots sold.

My receipts for the year are as follows:

December, 1922. Sexton work, $134.00; labor, $26.00; loam, $2.50; fertilizer, $4.50; grass seed, $1.00; care of lots, $530.00; collected on lots sold, $75.00,	$773 00
January, 1923. Sexton work, $120.00; labor, $14.50; care of lots, $149.50; collected on lots, $90.00,	374 00
February, 1923. Sexton work, $129.00; labor, $13.50; fertilizer, $2.00; grass seed, $1.00; care of lots, $42.00; wood, $2.00,	189 00

March, 1923. Sexton work, $92.00; care of lots, $35.00; collected on lots sold, $35.00,	162 00
April, 1923. Sexton work, $147.00; care of lots, $31.50; collected on lots sold, $119.00; wood, $8.00,	305 50
May, 1923. Sexton work, $164.00; labor, $11.00; care of lots, $67.00; collected on lots sold, $290.00; lumber, $181.30; fertilizer, $1.00,	714 30
June, 1923. Sexton work, $155.00; labor, $14.50; care of lots, $19.00; collected on lots sold, $5.00,	193 50
July, 1923. Sexton work, $83.00; labor, $3.00; care of lots, $7.00; collected on lots sold, $88.00,	181 00
August, 1923. Sexton work, $175.00; labor, $12.00; care of lots, $2.00; collected on lots sold, $82.00,	271 00
September, 1923. Sexton work, $70.00; labor, $136.00; loam, $69.00; fertilizer, $26.00; grass seed, $9.50; care of lots, $10.00; collected on lots sold, $182.00,	502 00
October, 1923. Sexton work, $107.00; labor, $69.00; loam, $16.00; fertilizer, $11.00; grass seed, $4.00; care of lots, $12.00; collected on lots sold, $188.00,	407 00
November, 1923. Sexton work, $158.00; labor, $17.00; care of lots, $52.00; collected on lots sold, $52.00,	279 00
Total for the year 1923,	$4,352 30

This amount has been deposited with the City Treasurer, and I hold vouchers for the same.

Respectfully submitted,

LAURA E. MASON,

Superintendent.

Keene, N. H., November 30, 1923.

REPORT OF DIRECTOR OF PUBLIC PLAYGROUNDS

To His Honor the Mayor and Board of Aldermen:

The city playground was in session for seven weeks at Wheelock Park. It was a very successful season and some over one hundred children enjoyed the park to its fullest capacity every day.

This season a baseball nine was organized and the boys were given opportunity to play two or three out-of-town games.

A special program was arranged for the last day. Prizes were awarded and insignias were given to the baseball nine.

Miss Phyllis Barrett of this city assisted and worked with the little children especially.

Respectfully submitted,

MARY SAUNDERS,

Supervisor.

REPORT OF OVERSEER OF POOR

To His Honor the Mayor and Gentlemen of the City Councils:

I hereby submit the annual report for the year ending December 1, 1923.

I wish on behalf of the city and county to thank all those who have aided in any way the poor people of the city, and they can feel assured that their generosity is highly appreciated.

I want also to thank the District Nursing Association, and especially the two nurses, for the very efficient service they have rendered to the poor people in the city, who otherwise would not have had proper attention.

This Association is giving most excellent service to people in the city, and as it renders a great deal of service to the sick and needy who would otherwise be unable to receive proper attention, I would suggest to people who feel that they would like to help in some way the sick and needy in the city to join this Association.

During the year I have furnished aid to city and county dependents, also dependent soldiers and their families, as follows:

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT AND CITY ELECTRICIAN

To His Honor the Mayor and City Councils:

As required by the City Ordinance governing the Fire Department, I herewith submit my report for the year ending November 30, 1923.

The department has responded to more alarms this year than in any other year in the history of the city; the property valuation to which they have been called to is far in excess of a million dollars; in some cases the loss was small and no insurance was collected.

The following alarms were answered by the department: 2 false alarms; 22 bell alarms; 234 still alarms; 10 out-of-town calls; making a total of 268 alarms.

The estimated value of buildings damaged by fire was,	$358,400 00
Damage to buildings,	16,486 26
Insurance on said buildings,	181,300 00
Insurance paid,	15,417 61
Value of contents of said buildings,	$284,950 00
Damage to said contents,	7,605 24
Insurance upon property,	208,150 00
Insurance paid,	7,205 24

APPARATUS AND FORCE

The apparatus and force of the department, under a Chief and three Assistant Chiefs, located on Vernon Street, is as follows:

The Keene Steam Fire Engine and Hose Company—J. A. Denison, Captain; 25 men; has Amoskeag Steamer No. 1, Button Engine No. 2, and one Motor Chemical with two 40-gallon chemical tanks and other necessary equipment; also one Cadillac tractor.

Washington Hook and Ladder Co.—F. W. Streeter, Captain; 20 men; has one Motor Combination, chemical and ladder truck, and one relief truck.

Deluge Hose Co.—E. H. Applin, Captain; 20 men; has one Combination Chemical and Hose Wagon and one Motor Chemical with two 30-gallon tanks.

We have on hand 8,500 feet of No. 1 hose, 1,500 feet of linen hose at South Keene, 500 feet of No. 2 hose which is unfit for fire service.

During the year 550 feet of No. 2 hose was sold to the Water Works Department.

There has been additional motor apparatus added to the department this year as follows: The Combination Chemical and Hose Wagon body of the Steamer Company has been mounted on a Reo Speed Automobile chassis. This apparatus has two 30-gallon tanks and carries 800 feet of 2½-inch fire hose, and has been assigned to the Deluge Hose Co.; also a 1913 Cadillac tractor, which is in very fair condition, has been attached to one of the steam fire engines. This will drive the same at a rate of speed better than horses, as about twelve miles an hour is a maximum speed for a steamer. This tractor

was purchased for a small amount of money and will give good service for this kind of equipment, as the horses are not in the best of condition for fire service and are at times too far from the Fire Station to answer alarms promptly.

There has also been installed a new sliding pole in the Hook and Ladder house, which helps to make a quicker start on a fire call at night.

The Fire Alarm telegraph system is in No. 1 shape. There has been an addition of three new fire alarm boxes to the system this year. Box 143, private box at Kingsbury Manufacturing Co., Myrtle Street; Box 115, at Church and Valley Streets; and Box 36 at Elm corner North Streets. Box 119 has been changed to 182 and Box 152 has been changed to 521.

There has been an exceptional large amount of line work on the fire alarm circuits this year, owing to the setting of new poles, or joint poles, so-called, where the Electric Light Company, Telephone Company and Fire Alarm use the same set of poles, thereby doing away with one line of poles on a street.

During this year as Building Inspector, I have given 48 permits for the erection of new buildings, also 19 permits for repairs and alterations on old buildings.

RECOMMENDATIONS

The Board of Engineers recommend the purchase of 1,000 feet of hose, one Invincible nozzle, one fire alarm box, also that the remaining flush hydrants be replaced by post hydrants.

To the Mayor and members of the Joint Standing Committee on Fire Department, the members associated with me on the Board of Engineers, officers and members of the de-

partment, and to the public, I extend my sincere thanks and appreciation for the liberal aid and generous support rendered me during the past year.

We also wish to thank the City Councils for the ordinance passed by them relative to the regulation of traffic during fire calls.

EUGENE B. RILEY,

Chief Engineer.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Mayor and Aldermen of the City of Keene:

I herewith submit a report of my work during the past year.

I have made about 640 different tests in 129 places.

I have confiscated 6 scales and measures that were worn out and of no value.

I have found the store scales in a very good condition, only four that were not giving correct weight, and these have been put in proper condition.

I have given special attention to gasoline pumps and hay scales and they are now all in good condition.

I would call the attention of gasoline users to the law that instructs sellers of gasoline to test their pumps each morning before selling any. A buyer can insist on having the second pumping. A pump is liable to run down during the night if it is not used.

I would like to call your attention to the fact that there are no sworn weighers who do public weighing, and that the people who do public weighing are not public or sworn weighers. This is not as it should be, for in case of a dispute there is no one who can be held responsible.

EDWIN D. HAYWARD,

Sealer.

Keene, N. H., December 1, 1923.
